Wrecks, Reefs & Caribbean Magic!
"Dive into adventure. Stay for the island soul!"

Discover why Grenada is known as the ***Wreck Diving Capital of the Caribbean***! Explore legendary shipwrecks like the **Bianca C**, drift along vibrant coral reefs and dramatic underwater walls, and experience the one-of-a-kind **Moliniere Underwater Sculpture Park**. Keep your eyes open for seahorses, frogfish, turtles, sharks, eagle rays, colorful sponges, and schools of tropical fish. With warm waters and dive sites for every experience level, Grenada is an underwater paradise waiting to be explored!

Make yourself at home at **True Blue Bay Boutique Resort**, a colorful, family-owned waterfront retreat on Grenada's beautiful south coast. Enjoy Caribbean-chic accommodations, tropical gardens, quirky island-inspired décor, and a relaxed atmosphere where local culture meets waterfront charm. Conveniently located near the airport, Grand Anse Beach, restaurants, and historic St. George's, it's the perfect home base for diving adventures and island exploration.

Beyond the reefs, discover the real Grenada: welcoming communities, lush gardens, scenic country roads, and the unmistakable aromas of fresh nutmeg and cocoa drifting through the air. Modern life has arrived, but Grenada's warmth, traditions, and gentle Caribbean spirit remain wonderfully intact.
