

BONAIRE

February 4-11, 2023

Buddy Dive is located at the waterfront north of town, just a couple of steps from the crystal clear ocean and its many dive sites. The resort has seven buildings with spacious studios, one, two and three bedroom apartments, a full service dive center, two swimming pools, two restaurants, vehicle rental and our famous drive-thru fill station. Whether traveling as a single, couple, with friends and family, or a whole group of dive buddies, we will have the right accommodation for you. Built with active people in mind, Buddy Dive knows exactly what is needed to make guests comfortable both during their busy day of diving and exploring, and after.

For sunbathing in a location with the ultimate view, there's no place better than on our raised sand beach areas overlooking the clear, turquoise waters of the Caribbean. A short stairway provides easy access to the tranquil ocean below – excellent for snorkelling and swimming.

The resort's intimate size and breath-taking views make it an ideal setting to celebrate those special occasions, such as weddings, honeymoons and anniversaries. Or to celebrate life's simpler pleasures while watching a blazing red sunset or unclouded moonrise.
